IMPORTANT NOTE:

Send your **1 Demo** and **1 Real** account numbers to our email to receive the license: support@maka-assistant.com

It may take 24 hours for us to deliver your license, please be patient

Test the EA on demo first, then use it on your real account

INSTALLATION:

**1-install the 2 Indicators(Qcandle and Tline)
you received in indicator file of your mt4**

2-install the WISE EA in Expert file of your mt4

**3-Open a chart and choose the 15 min time
frame**

**4-Double click on EA on navigator section (You
don't need to click on indicators)**

**5-change the fixed lot option based your
account size (0.01 per each \$1000)**

6-You can turn on the money management to auto lot selection and Forced exit

INPUT PARAMETERS

Lot increment system: It increase the lot sizes per each trade (Recommended: FALSE)

Lot multiplier: the amount of lot size increasement

Open trades in profit closing strategy: Close trade with smaller profits as soon strategy Target profit of all open trades met. (R.C: TRUE)

Target profit for all open trades: The take profit of all open trades. The higher number the bigger profit and risk (R.C: Between 3.0 to 7.0)

Maximum open trades: The EA won't open any new trade when it reaches this number of open trades. (R.C: Between 1 to 13)

Heicken Ashi security candle: Extra checks on Qcandle and Heciken Ashi Indicator before entering trades.

Fixed lot size: The lot size that you want to use. (R.C: each \$1000=0.01)

Money Management: It will choose the lot size automatically based on your account balance and risk (R.C: FALSE)

Suffix for special brokers: If your chart's name is EURUSDm, GBPUSD.ax, ... you need to enter the additional word/s here.

Enforce stop loss on all open trades: Forced exit option (R.C: TRUE)

SL percent of account: if the drawdown of account reaches this number it will close all open trades. (R.C: 30)

Waiting hours after SL enforced: After it closed all open trades, it doesn't open any new trade till this time to make sure the market is in normal condition. (R.C: 6)

Max spread point: This number is calculated as PIPPET, If your broker's spread reaches this number, it doesn't open any trade.

Trade SL movement type: Which kind of stop loss do you want to use. (R.C: NONE)

Note: we recommend to leave all inputs as default and just change the lot size

Note 2: The trades might go in loss, but don't panic if the EA opened new trades, it's because it tries to cover the losses.

Note 3: Choose the forced exit option based on your own desire drawdown, but it should be between 7% to 25%

Note 4: You are using an EA, of course it has a news filter, but we highly recommend to turn it off in news days because it can't predict 100% of new. So **WE HIGHLY RECOMMEND TO**

**TURN THE EA OFF ON HIGH IMPACT NEWS
RELATED TO MARKET and the 7% to 30% DD is
normal in this market**

**Note 5: The Wise EA works on: EUR/USD
GBP/USD USD/CAD AUD/USD USD/JPY
USD/CHF**
